

KENDAL POWER STATION

Project name

Outside plant double steel doors ,E house damaged bund wall , unit 4 and unit 5 boiler damaged stair case concrete base and supporting bea on the tranverse conveyor

Scope of Work summary

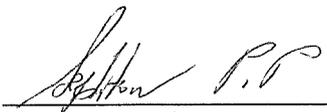

Refer to the word document

	Criteria	Description	weight	Weight Total
TECHNICAL EVALUATION CRITERIA	<b>1. Mandatory (gate keepers)</b>	<i>These are "must meet" critena An evaluation of No against any of the following TWO (2) critena will eliminate the tender from further considerations</i>		
	1 1 Expeience on structural steel fabncation and repairs of bund walls concrete	Provide venfiable track record of constructing of bund wall and steel stair case repairs	Yes or No	
	1 2 Minimum CIDB 1 CE accreditation with the suppliers name	to allow more potential and experienced contractor to tender	Yes or No	
	<b>2 Qualitative criterion</b>	<i>On this cntenon the tenderer will FURTHER be evaluated against the weighted qualitative evaluation critena The score each tenderer received will provide a numenc basis for tender companson and tenderer with the highest score will be recommended from a technical perspective The minimum weighted average score (threshold) required for a tenderer to be considered from technical perspective is 75% with acceptable technical nsk and / or requirements and / or condition The indicated minimum threshold is because the work will be executed on a level one plant which will have a catastrophic impact to the supply of electcnity (production nsk) when there is a terrace bin 1 collapse due to sub standard workmanship</i>		
PROJECT TEAM (Organogram for the complete project)	Submit CV, certified copies of academic qualifications, certified ID,trade test certificate	Shall cover the construction of similar work	2,5%	7 5%
	The project team is not limited to the list provided under descnption but shall cover all activites under methodology	1x civil technician,1xproject manager 1x boiler makers,1x concrete finisher/mason 2 xmulti skill with minimum experience of 3years in formwork or shuttering and steel fixing	2,5%	
		Shall have to cover project management	2,5%	
PROJECT METHODOLOGY	Submit execution method	casting of concrete bund walls and repair of concrete suport base	10%	40%
		Maintenance or repairs of concrete bund walls	10%	
		Safe work procedure, welding procedure ,casting of concrete and QCP	10%	
		formwork ,steel fixing and concrete casting to repairing damage bund walls	10%	
CAPABILITY	Submit required tender returnable	List of certified equipments for the execution of the scope	15%	15%
PROJECT PLAN	Submit the project program which shows cntical path and activites penod	Complete project program with activites breakdown and duration	7 5%	7 5%

**Mandatory (gate keepers) grade CIDB 1 CE**

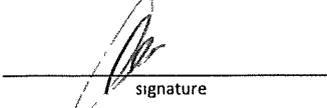

Minimum Score75%
