Where space in this document is insufficient, the tenderer shall submit the required information on separate schedules, duly referenced to this document.

Where foreign exchange is involved, and Eskom will cover the risk forward, the methods of payment listed in Part 1 are the only acceptable methods. It must be noted that Eskom considers Payment **Method 1** to be the default payment method.

PART 1: PAYMENT OF FOREIGN COMMITMENTS

Payment of Eskom's foreign commitment in foreign currency will be made either:

Payment Method 1A:

To a nominated bank account in a foreign country in a foreign currency (payment will be made to the party and account nominated by the supplier in the contract, and not to any other party);

Please note that the contracting party must be the direct importer of the goods
Applicable (Y / N)

Payment Method 1B;

To a valid SARB approved CFC account in South Africa, in a foreign currency (payment will be made to the party and account nominated by the supplier in the contract, and not to any other party).

Please note:

- The contracting party must be the direct importer
- For payment purposes, Eskom will require both the foreign (commercial) invoice and the local tax invoice
- The foreign currency values on both the commercial and local invoice must be the same. Eskom will not pay any profit in foreign currency.
- Service related payments are excluded from this option;

Applicable(Y/N) or

Payment Method 2:

In South African Rand at the selling spot rate of exchange obtained by Eskom's Treasury on the date that the forward cover is cancelled. Eskom will notify the supplier of the date that the forward cover is cancelled as well as the intended payment date, which will be as per the agreed payment terms.

Please note:

- The contracting party has to be the direct importer of the goods.
- This payment option is not applicable for the payment of services

Applicable (Y/N)

An indemnity in writing confirming that the supplier will not buy forward cover is required where Payment Method 1 or 2 is contracted.

[Payment Method 2 must be accepted by the Commercial Policy and Procedure Manager before the tender documentation is sent out, but at the latest before the tender closing date. If it is not approved before tender closing, Payment Method 1 will be the default.]

Fixed ZAR pricing

The tenderer may elect to be responsible for the hedging of the exposure of the imported content. However, Eskom reserves the right to have line of sight of the exchange rates to be quoted by the tenderer. This entails a simultaneous exercise of the verification of the exchange rates to be used.

Applicable (Y/N)

Please note: Eskom will require substantiating proof of importation at the time of invoicing, if payment methods 1A, 1B and 2 are selected.

Where goods were previously imported into stock by the supplier, for delivery to various customers, including Eskom, the price quoted must be in South African Rand. In such cases Eskom will not undertake any foreign exchange commitment or arrange forward cover.

PART 2: EXCHANGE RATES

The tenderer shall use the exchange rate as at 12H00 on the date of the advertisement of the tender. The source of the exchange rates shall be the South African Reserve Bank (www.resbank.co.za)

Please note that the tenderer is required to submit proof of the SARB rate/s used.
