## 5. Environmental requirements

The intended activities at the Eskom Academy of Learning will have an impact on the environment and as such have to be properly management. Proper management requires that there is compliance with all the relevant pieces of legislation that impact on the development or intended activities. Therefore, the list below indicates the pieces of legislation that impact on the proposed activities. It is important that the Construction Team complies with these. Non-compliance will be unwise and may prove to be very costly for the organisation.
