

Supplier Registration

As per the Eskom's Procurement and Supply Chain Management Procedure 32-1034, Supplier Registration at Eskom is not automatic.

The registration process is as follows:

- Eskom will only register a supplier if they are awarded a contract as a result of an Open Tender (Open tender refers to tenders that are advertised on Eskom website {Tender bulletin} and local newspaper).
- Eskom may from time to time invite potential suppliers to apply for registration as a supplier on the Eskom Supplier Database. Such invitation may be publicly advertised by whatever means deemed necessary by Eskom to bring the invitation to the attention of potential vendors.
- Therefore, Eskom DO NOT accept *ad hoc* requests from suppliers to be registered on the Eskom Supplier Database without being awarded tender. Eskom will conduct the need analysis and based on the outcome of the analysis vendors will be invited to register. This type of registration is based on transactions that are below R1million.
- All transaction that are above R1 million are advertised on the Tender Bulletin for open tendering as mentioned above and suppliers do not have to be registered in order to participate to all open tenders.
