STANDARD CONDITIONS OF TENDER	AGREEMENT 37.2	TST 41-61
 D:\User\2007\ INVATATION TO TEN	 Section 37 2 Agreement 2010 Esk	 TST 41-61 Standard.doc

4. SCOPE OF WORK

Purchase, collection and removal of scrap 20 mva transformer 26007 at ROTEK WORKSHOP

The purchaser will be responsible for the safe collection, handling, removal, loading and transportation of the material and to clean the site and must provide their own qualified labour and suitable certified plant, machinery, equipment and transport for this purpose.

	OLT2032047	Unique Identifier	240-75978567
		Revision	Rev. 2
		Revision Date	Feb-2021
		Investment Recovery Section	

It will be the duty of the purchaser to, on a regular basis as will be requested, to the Eskom Investment Recovery Officer for main purpose to reconcile information between the contractual parties.

The purchaser must assure the site be left clean from any debris and waste at completion of their collection and removal of the goods.

The goods on sale will be identified by Eskom. No copper or aluminium should be collected from site as these materials do not form part of the contract.

NOTES

- a. Eskom will not be responsible for any damages or losses suffered during the removal of the Scrap on sites as while working on this project arising from theft, damage or personal injury.
- b. You will be required to adhere to the terms & conditions as laid out by the Eskom site agent with regards to site access etc.
- c. Littering is prohibited at all times. Facilities will have to be made available on site during operations for the collection of disposal waste material. No rubble whatsoever is to be left on site.
- e. You will be required to be put on an Eskom permit, prior to commencement of work. After completion of the work, it is imperative that you notify the Eskom site agent, so that the job can be signed off.
- f. All work must comply with the OHSA Act no 85 of 1993. All Safety requirements and documentation shall be available on the site

5. Environmental requirements

The intended activities at the Eskom sites will have an impact on the environment and as such have to be properly managed. Proper management requires that there is compliance with all the relevant pieces of legislation that impact on the development or intended activities. Therefore, the list below indicates the pieces of legislation that impact on the proposed activities. It is important that the Collection team complies with these. Non-compliance will be unwise and may prove to be very costly for the organisation.
