

CLARIFICATION QUESTIONS 26 July 2022	
QUESTIONS	ANSWERS
could you kindly double check on the clarification dates deadline as at the 31st of August 2022 and the tender is closing on the 6th of August?	This was just an error on the presentation the correct dates are as follows: Closing date- 05 August 2022 Clarification deadline- 31 July 2022
the NEC3 TSC document was not uploaded please assist	The NEC document will be uploaded on the port
Are safety, quality and environmental documents due at tender close as both columns are ticked?	YES. These documents may be submitted at tender closing however if supplier does not submit them they will not be disqualified, supplier may be contacted to submit these documents during evaluation or before contract award.
Because there's different sites will the contract be awarded to one tenderer or multiple tenderers?	The contract will be awarded to multiple suppliers (4) one supplier per BOQ/ scope.
UNDER EXPERIENCE : is there a number of minimum contracts required in order to score maximum points your document indicates an amount greater than 500 million to score maximum points and yet this is an EME opportunity ? kindly clarify	This was an error on the amount it is R5million not R500 Million. Updated Document will be uploaded on the tender portals
Will Site establishment include setting up a site office?	Yes. Though at Medupi there is available facility, this will be clarified with the bidder allocated at Medupi
Hi Chair. I am not sure if this has been covered already. BOQ has both Medupi and Kusile. Should there be two responses or just one. Since Medupi's term is 2 years and Kusile 4 years,	No, only one submission should be submitted. Suppliers can submit all four BOQs in one submission
Under the Company Experience can we make a list of Experience with Purchase order numbers, value of the order and contact person, or must we print all orders and return them on submission?	We will require the letters from the clients indicating the services provided. Their clients can indicate the reference POs on the letter . Alternatively a copy of the contract must be submitted
Will each site have it's own NEC? and should we sum up the prices for all the sites that we bid for when filling in the final price on the NEC and annexures?	Yes, each site will have their own contract, suppliers who wish to bid for both medupi and Kusile should include both NEC in their submission
Can we submit both the Original and Copy in one Envelope/box and indicate on the cover copy and original enclosed, or must it be submitted apart?	suppliers should submit two files/packs each marked original or copy
May I propose that we take out the POs on this tender just to simplify the process? Let's stick to the written requirements on the Technical part.	Suggestion noted, it will be clarified on the updated functionality
Should we submit all the documents attached for the tender or we must submit only the returnable documents?	Yes
with the letters from the clients we might have a challenge in getting the confirmation letters in time	Suppliers are urged to prepare for their submission on time and should not wait until closing date to prepare.
Which rates must we use, bargaining council rates or labour rates	Business can not prescribe to suppliers, however rate should be market related
A question was also asked about subcontracting	There is no mandatory subcontracting for this tender.
