

Three circular images are arranged vertically on the left side of the slide, each with a double-lined border. The top circle shows a worker in a red bucket on a lift, working on a power line. The middle circle shows a large industrial building with a curved roof and several tall chimneys, with zebras in the foreground. The bottom circle shows a series of high-voltage power line towers stretching across a landscape under a blue sky.

9	Closure	Lebogang Sekgothe

- Basic Compliance
- Pre-Qualification Criteria
- Mandatory tender returnables
- Functionality
- Price and preference point system
- Contractual requirements

- South African tenderers must be registered on the CSD (National Treasury Central Supplier Database). **The buyer shall verify registration on the National Treasury Supplier Data Base (CSD). If the tenderer is found not to be registered the tender shall be rendered commercially non-responsive.**
- Tenderer to meet the eligibility criteria as per **2.1 on page 7 of the Invitation to Tender Document**
- Tenderer to submit the original tender document PLUS ONE (1) exact hard copy of the original tender.
- Submission of the mandatory commercial tender returnables at stipulated deadlines. Only tenders submitted at the correct location and correct closing date and time will be accepted.

The following mandatory pre-qualification criteria are applicable herein: -

- 1. Panel A:** Only suppliers with a minimum **B-BBEE status level 1 to 4**
- 2. Panel B:** Only **EME/QSE** with a minimum **BBBEE status Level 1 to 2**

“proof of B-BBEE status level must be submitted at tender submission deadline.

A Certified Copy of a Valid B-BBEE Certificate issued by a SANAS accredited Verification Agency

A Certified Copy of a fully completed Sworn Affidavit, or A Certified Copy of B-BBEE Certificate issued by CIPC for EMEs

- Refer to page 17 to 20 of the Invitation to Tender Document for the list of mandatory returnable documents
- **All documents listed and marked with √ in the “Returnable documents mandatory for evaluation purposes and due at tender closing” column, must be submitted with the tender to be evaluated further.**
- The mandatory tender returnable documents as stipulated in the invitation to tender document must be printed, completed, signed and be inserted in the commercial returnable file.
- **If any of these documents are not FULLY completed, signed and submitted, the tender will be disqualified**

Once the suppliers have met the afore-mentioned requirements they will then be evaluated for technical.

- **Multiple contracts by way of a panel will be established with a maximum of 40 suppliers with a split of 15 for Panel A and 25 for Panel B Environmental Services.**
- **The highest 15 ranked suppliers for Panel A and highest 25 ranked suppliers for Panel B will be awarded contracts. Mini RFQ's will then be issued for each Task Order on an “as and when required” basis and the adjudication thereof will be done via a Panel Control Committee**
- **A 40/60 (40% Panel A & 60% Panel B) of the total budget is allocated to the panels.**
- **The award of the split to the various panel contractors will be in proportion to the outcome of the Preferential Point Scoring system (80/20 or 90/10)**

The tender documentation should be packaged in the following format:

SECTION	Original	Copy
PART 1 - Indexed Will comprise of all <u>Commercial</u> tender returnables	✓	✓
PART 2 - Indexed Will comprise of the <u>Technical</u> Requirements	✓	✓
PART 3 - Indexed Will comprise of <u>Quality</u> Requirements	✓	✓
PART 4 – Indexed Will comprise of SHE Requirements	✓	✓

- **Please ensure that each part is packed separately as each of the parts are evaluated independently i.e. you should submit an original for each part and one identical copy of each part.**
- **Tenderers are encouraged to continuously check Eskom tender bulletin for the latest tender updates during this period. This will enable tenderers to familiarise themselves with any new developments in order to tender accurately.**

- **All queries to be addressed to the Buyer (Refer Item 1.1 of the Invitation to Tender for buyer's contact details) in writing. No telephone calls will be accepted for queries regarding this tender.**
- **Closing time for all queries is 5 working days prior to tender closing date,**

Tamper Proof Binding of Tender Documents

Any Questions ?

A decorative graphic on the left side of the slide. It consists of two overlapping circles. The top circle contains a photograph of a large industrial facility, likely a power plant, with tall chimneys and complex piping. The bottom circle contains a photograph of two people, a man and a woman, sitting at a table and engaged in a discussion. The background of the slide is white with a blue curved shape on the left side.

Thank you
