## Technical Evaluation Criteria

**Contractor:**

### Mandatory Criteria

All mandatory criteria must be met by the contractor to be considered from a technical perspective.

Mandatory Technical Criteria Description	Tender Returnable	Motivation for use of Criteria	
Tenderer indicates ability to supply the specified components and parts.	List of components and parts that will be supplied. The list must include the correct reference part numbers.	To ensure the correct parts and components are supplied.	
Tenderer indicates ability to supply the specified components and parts.		YES	NO
List of components and parts that will be supplied. The list must include the correct reference part numbers or data sheets.		YES	NO
Does the contractor meet the mandatory criteria?		YES	NO

### Qualitative Evaluation Criteria

The minimum weighted final score (threshold) required for a tender to be considered from a technical perspective is 90%. Eskom reserves the right to reduce the threshold to 80% if no suppliers meet the technical threshold of 90%.

	Description	Weighting
1.	Lead time on the components to be supplied	100%
	<ul style="list-style-type: none"><li>Less than 6 Weeks lead time – <b>[100%]</b></li><li>6 - 8 Weeks lead time – <b>[80%]</b></li><li>More than 10 Weeks lead time – <b>[0 points]</b></li></ul>
