

**Enquiry number:** OLT2037353

**Description/Project Title:** Harmonics and switching studies at Brenner substation

	<b>Brenner Substation</b>	
<b>ITEM NO.:</b>	<b>QUESTION</b>	<b>ANSWER</b>
1.	We would also like to request for clarification with reference to Item 1.2 of the Functionality Criteria highlighted in Table A.1 below, which states that the Tenderer is to provide “ Reference list greater than 5 years detailing harmonic and switching studies experience related to scope of work”. Is the reference list referred to only applying to the Tendering Company’s references or it can also apply to Key Personnel’s project references which are not necessarily linked to the Tendering Company?	Eskom will consider the reference list provided by the tendering company on similar consulting services provided with the listing of a particular individual experience that the bidding company is intending to use, given that 5 years plus experience is provided.
2.	The document pack uploaded on the website consists of Category 4 (Section A - QMS Requirements, Section B - Evidence of QMS in Operation and Section E – Used Defined Additional Requirements & Miscellaneous) – Is there Section B and Section C? Are there any other categories except 4?	Please note that Section B, Section C and Section D, only required during the construction not on the study. There is no mistake it is as it is.
3.	Is category 4 due on the 31 August 2022?	Suppliers are requested to submit Safety and Quality files if they are ready at RFQ closing deadline.

4.	Item 42.2 (Defects - Page 2) – The defects date will be 52 weeks after Completion of the whole of the services – Why would this be needed for a study exercise.	This can be removed completely. It will be N/A on the final NEC.
5.	<ul style="list-style-type: none"> <li>• Clause X7.1 (Delay Damages - Page 4) – delay damages 0.1% per day (Max 15% of total Contract Value).</li> <li>• Clause X18 (Liability - Page 5) <ul style="list-style-type: none"> <li>a. Liability for Defects is 1 x Fees</li> <li>b. Liability duration is 5 years after completion – This seems excessive for a study exercise</li> </ul> </li> </ul>	It is not, the design is dependent on the study.
6.	<ul style="list-style-type: none"> <li>• Clause Z4 (Confidentiality): <ul style="list-style-type: none"> <li>○ The taking of images (whether photographs, video footage or otherwise) of the Employer's project works or any portion thereof, in the course of Providing the Services and after Completion, requires the prior written consent of the Employer. All rights in and to all such images vests exclusively in the Employer.</li> </ul> </li> <li>• Clause Z12 (Insurances – Page 8, Table A): <ul style="list-style-type: none"> <li>○ Please confirm what insurances are</li> </ul> </li> </ul>	Indemnity insurance

	required by Consultant	
7.	8. Clause Z13 (Nuclear Liability – Page 9) <ul style="list-style-type: none"> <li>○ Document refers to Koeberg Nuclear Power Station – We think this is an error</li> </ul>	No, it is not it is with reference to the Nuclear Liability and Koeberg is our Nuclear station.
