3. EXPECTED QUALITATIVE/TECHNICAL FILE FORMAT/ORDER FOR EVALUATIONS PURPOSE

- Technical returnables should have separate cover pages/file dividers for each item required. A Cover page/File divider must clearly state the Item description.
- For all resources (Project Team) required - Each and every **C.V must state on the front page the Skill/Trade** that is proposed per personnel as we do not want to guess the skill/trade based on the experience provided.
