

**Description: UNIT 1 HOT AND COLD CONDENSER RE-TUBING AT DUVHA POWER STATION**  
**Enquiry: MPDUV10413GX**

Item	Question	Answer
1	We have heard rumors that the outage for unit 1 has been moved to quarter 3 of 2023. Prices quoted 13 months before an outage happens cannot be held fixed. If the outage does get moved, then will a CPA clause be added to the NEC contract to cater for increases of materials, labour, transport etc.?	Kindly populate additional information on the NEC ECC Schedule of Deviations (Page 5)
2	Please can you confirm that for the submission of the tender and as per table 1.3“Tender returnables”, we do not have to submit any SDL&I, Safety, QA, Environmental or Due diligence returnables?	SHEQ and SDL& I requirements forms part of objective criteria. They can be submitted with the tender or will be requested during evaluation. Supplier to adhere to all requirements before contract award.
