

The Impala Athene Hillside 1 and 2, 132 kV Emergency Bypass Refurbishment Project

CLARIFICATION MEETING

MWP1595TX

Date : 20 September 2022

The purpose of this clarification meeting is to:

- Clarify all the tender requirements pertaining to the enquiry;
- Ensure that the Tenderers understand all the aspect related to the tender;
- Address all questions that Tenderers may have in terms of the enquiry;
- Give as much clarity to tenderers to enable them to submit responsive tenders;
- It is also worthy to note that this clarification meeting is non-compulsory.

Basic Compliance:

- Meet the eligibility criteria of the tender
- Submit one (1) hard copy of the original tender to Eskom
- Submit a complete original tender with Commercial, Financial/Pricing, Technical and SHEQ information
- Submission of the mandatory commercial tender returnables as at stipulated deadlines.
- Proof of CSD (Central Supplier Database) registration/Number
- Soft copy of the tender and the BOQ in excel format. **Hardcopy takes precedent over softcopy.**
- Submission of all mandatory tender returnables stated in the invitation to tender at stipulated deadlines.

Mandatory tender returnables:

- Refer to 1.3 (Tender Returnables) on page 16 of the Invitation to Tender

Functionality

- The threshold to pass Technical Evaluation Criteria is 75% Tenderers who do not meet the threshold for functionality scoring will be disqualified and not be evaluated further.

Price and preference 80/20:

- Pricing and B-BBEE level

- Suppliers with BBBEE Level 1 to 2 will be eligible to tender.
- A tender that fails to meet the above pre-qualifying criteria will be deemed non-responsive and will not be evaluated further (where the above is applicable).
