

Criteria No.	Criteria Description	0%	30%	70%	100%	Weighting
1	Has experience in repairs to Diesel Engine	< 1 year	More than 1 year but less than 3 years	More than 3 years but less than 5 years	More than 5 years	25%
2	Description of company supply chain for the repair	Does not provide	Provides a supply chain that does not involve OEM or OEM agent	Provides a supply chain showing the OEM or OEM agent indirectly	Provides a supply chain showing the OEM or OEM agent directly	40%
3	Quality control plan for the repair	Does not provide	Provides generic QCP	Provides a QCP from previous jobs partially completed	Provides a QCP from previous jobs with signatures	20%
4	Spares Sourcing Plan	Does not provide a plan	Provides basic plan with no lead times	Provides a basic plan with estimated lead times	Provides a detailed list of spares with part numbers and estimated lead times	15%

Suppliers must score more than **70%** to be evaluated further.

**MEMO: Please Read before submitting**

**All suppliers are to provide a separated indexed file as proof of meeting the technical criteria above. The File shall be indexed as follows:**

Index folder 1: provide all evidence of previous work experience as per criteria 1 requirements

Index folder 2: provide a graphical display (diagram) of your intended supply chain for the repair

Index folder 3: provide a QCP for previous work done on Diesel Engines

Index folder 4: provide a sourcing plan for all spares as per requirements of criteria 4

**Only your indexed folder shall be used to evaluate your technical ability to perform this work. Information not put clearly into the index folder will not be considered.**
