

## Technical Criteria

Pricing schedule must be derived from the SOW, eq Quantities per year as required, installation costs etc.

Suppliers must cater for safety, transport and any other costs which must be clearly stated in the price breakdown.

Suppliers are requested to quote on the parts numbers requested and not any other alternatives or makes.

SANAS calibration: Supplier does not have to be SANAS registered but can use 3<sup>rd</sup> party SANAS registered laboratory which will issue SANAS certification .
