RE: INVITATION TO TENDER (MWP1436CX)

Dear Sir/ Madam

Kindly refer to the above subject.

After careful deliberation, we regret to advise that Eskom Holdings SOC Limited would like to cancel the tender for Gas Power Plant Modelling Software – Subscription License and user Training for a period of five (5) years. due to the following reason/s:

- Tenderers did not meet the technical evaluation criteria.

Eskom requires a gas plant process software with the capability to performed detailed analysis on commercial gas turbines and gas engines. This would require the software to have the details of these commercial gas turbines and gas engines from the suppliers. The software proposed by the tenderers are theoretical gas turbine unit operation and does not have any commercial gas turbine or gas engine details. The proposed software is not suitable for Eskom.

Eskom would like to take the opportunity to thank you for participation in the above.

Yours Faithfully
