Eligibility	2.1	<p>Submit a tender only if the tenderer (whether a single company or a structure similar to a Joint Venture) complies with the <i>eligibility criteria</i> stated in the Tender Data and the tenderer, or any of his principals, is not under any restriction to do business with Eskom/State Owned Companies.</p> <p>Tenderers are not permitted to sub-contract 100% of the SOW. Any tender that is based on 100% sub-contracting will be deemed ineligible and will be disqualified.</p>
Tender closing time	2.2	<p>Ensure that Eskom has received the complete original tender and one (1) complete hard copy of the original tender at the <i>address</i> and in the tender box or <i>facsimile number or e-mail address</i> specified in the Tender Data by no later than the <i>deadline for tender submission</i>. Proof of posting or of courier delivery will not be taken by Eskom as proof of delivery. Eskom will not accept a tender submitted telephonically or by e-mail, unless stated otherwise in the Tender Data.</p>
	2.3	<p>Any reference to time will mean South African Standard Time (SAST), i.e. GMT+2 hours. The <i>closing time</i> will be determined by using the Telkom time signal as available over the telephone. This time will be strictly adhered to.</p>
	2.4	<p>Accept that if Eskom extends the deadline for tender submission for any reason, the requirements of these Standard Conditions of Tender apply equally to the extended deadline. Tenderers are required to visit the <i>Eskom Tender Bulletin</i> and NT e-Tender Portal regularly in the case of an open tender to ensure they are informed of any changes in either the <i>deadline for submission</i> or any other amendments relating to the Invitation to tender,</p>
	2.5	<p>Any tenders not in the tender box or received by Eskom as stipulated in the Tender Data at the <i>deadline for tender submission</i> will be considered late. No late tender will be accepted. Completed tenders not received at the designated facsimile machine by the <i>deadline for tender submission</i> will be considered late. The time print on both the sending and receiving facsimile machines will be disregarded, as the Telkom time signal as available over the telephone determines the closing time, by which the completed tender must be received.</p> <p>Eskom employees are not permitted to deposit a tender into the Eskom tender box on behalf of a tenderer.</p>
Cost of tendering	2.6	<p>Accept that Eskom will not compensate the tenderer for any costs incurred in the preparation and submission of a tender, or the negotiation of any contract, including the costs of any testing necessary to demonstrate that aspects of the tender satisfy the evaluation criteria.</p>

with the Invitation to Tender.

Clarification of a tender	3.8	Obtain from a tenderer clarification of any matter in the tender which may not be clear or could give rise to ambiguity in a contract arising from this tender if the matter were not to be clarified. Mandatory documents will not be requested but clarity on it may be required.
Basic Compliance	3.9	Determine before detailed evaluation, whether each tender received meets the <i>basic compliance</i> as stated in the enquiry. A tenderer's failure to comply with the stated <i>basic compliance</i> of tender will render a tender non-responsive. It must further be noted that a tenderer's failure to provide one (1) complete hard copy of the original tender, will result in the disqualification of the tender from further evaluation. Tenderers will not be permitted to provide one (1) complete hard copy after the <i>tender submission deadline date</i> , and Eskom is not responsible for making copies of original tenders.
Mandatory tender returnables	3.10	A tender that does not include mandatory documents or information as stipulated in the Invitation to Tender and by the required deadlines; will be deemed non-responsive.

It must be noted that Eskom will not measure a criterion twice in the different evaluation phases, as this is regarded as 'double dipping'.
Designated materials and thresholds	3.12	Certain materials are identified by dti as designated materials and a specified percentage (gatekeeper for further evaluation) must be bought from local companies. A tenderer's failure to meet stipulated gatekeepers as per the dti's requirement for local support of designated materials will also render the tender non-responsive.

Financial analysis	3.14	Eskom has to determine the risk of doing business with a supplier who may pose financial risks to Eskom in the execution of the contract. - a) the gross misplacement of the decimal point in any unit rate; or
- b) omissions made in completing the pricing schedule or bill of quantities, or
- c) arithmetical errors due to :-line item totals resulting from the product of a unit rate and a quantity in a bill of quantities or schedule of prices; or
- d) the summation of the prices

Eskom will notify the tenderer of all errors/omissions that are identified in the tender offer to either confirm the tender offer as tendered or to accept the corrected total of prices

Where the tenderer elects to confirm the tender offer as tendered; Eskom will correct the error as follows:-

d) If a bill of quantities/pricing schedule applies and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern, and the rate shall be corrected.

Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.

e) Where there is an error in total of the prices either as a result of other corrections required by this checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer shall be asked to revise the selected item prices (and their rates if bill of quantities apply) to achieve the tendered total of the prices.

Eskom will consider the rejection of a tender offer if the tenderer does not correct or does not accept the correction of errors in the required manner.

Evaluation of B-BBEE	3.17	Score the B-BBEE level as stated on the CSD report or as per certificate/affidavit provided. If the B-BBEE level is a pre-qualification criterion; then the proof of the B-BBEE level (certificate/CSD number/CSD report) must be provided at tender submission deadline; or the tender will be disqualified. If sub-contracting to designated groups pre-qualification criteria are utilized (selected/mandatory) in terms of the PPPFA Regulation, then Eskom will apply the PPPFA requirements for sub-contractors' B-BBEE status and the sub-contractors' CSD number or B-BBEE certificate/affidavit will need to be provided at tender submission deadline. Should the information/documents provided indicate that the level is in dispute (fraudulent/ expired) then the tender will be disqualified. However, for the purposes of PPPFA point allocation: if no B-BBEE certificate/affidavit is provided at Tender closing deadline, or the information/documents provided are fraudulent or have expired; then the tenderer will not be disqualified (if otherwise deemed to be responsive and acceptable in all other aspects) but will score zero under PPPFA point allocation.
Ranking of tenders	3.18	According to the PPPFA , Eskom will add the score for Pricing and the B-BBEE level together and rank the suppliers from the highest to the lowest.
Objective criteria	3.19	A contract may be awarded to a tenderer that did not score the highest points only in accordance with Section 2(1) (f) of the PPPFA Act 5 of 2000. If Eskom intends to apply objective criteria in terms of Section 2 (1) (f), Eskom must stipulate the applicable objective criteria in the tender documents. Functionality and any element of the B-BBEE scorecard may not be used as objective criteria.
