

<b>Functionality Criteria for the "AWR descaling project, Three AWR lines from ash dam to high level dams including AWR inlet and discharge manifold Services at Arnot Power Station for Ash dam contract for 5 months".</b>	Maximum number of points %		
<b>Proof of track record:</b>			
<b>The contractor submits number of years of experience doing similar work with traceable reference: Completion certificate/confirmation letter with start and finish dates(PO not acceptable):</b> 0% = No submission of the experience reference 10% = Submission of between 1 and less than 2 years' experience. 20% = Submission of the experience between 2 and less than 3 years 25% = 3 years and above experience	25		
<b>Proof of resources ownership (HP Machines, tools and pipes)</b> 0% = No submission 10% = Rented (lease agreement) 20% = Owned (proof of ownership)	20		
<b>Key personnel (Contract Supervisor) experience -Number of years doing similar work with traceable references:</b>  Key personnel (Contract Supervisor) experience -Number of years doing similar work with traceable references 0 % = No submission or no experience submission 5 % = Experience of less than 1 year 10 % = Experience of between 1 and less than 2 years 15 % = Experience of 2 years and more <b>NB: This is for one key person</b>	15		
<b>Method statement relating to descaling pipes</b> 0% = no submission 5% = Moderate 10% = Partially detailed 15% = Significant 20% = full detailed	20		

<b>Quality control plan relating to pipe descaling works</b> 0% = no submission 5% = Moderate 10%= Partially detailed 15% = Significant 20% = Full detailed			
	20		
<b>TOTAL</b>	100%	0	0
<b>Overall minimum threshold for functionality to proceed to the next phase</b>	80%
