This Practice guide seeks to provide guidance to contractors on the application of the cidb Standard for Indirect Targeting for Enterprise Development through Construction Works Contracts (herein after referred to as the standard), applicable to contracts in cidb Grades 7 to 9 in the General Building (GB) and Civil Engineering (CE).

The standard establishes Contract Participation Goals (CPGs) for development of targeted enterprises, to promote enterprise development by providing for a minimum of 5% of the total project value on selected contracts to be undertaken by joint-venture partners or to be sub-contracted to developing contractors. The standard requires employers to ensure that the lead partner or the main contractor dedicate a minimum of 5% of the total project value and provide developmental support to a targeted sub-contractor/s and JV partners.

The standard is obtainable from the cidb's website www.cidb.org.za.
