ADDENDUM

REVISED NEC – UPDATE NOTICE

This addendum informs tenderers of revisions to the NEC. The document has been updated to reflect

- **C1.1 Form of Offer & Acceptance: Removed option C and E, because the contract is an Option A**
- **C1.2 Contract Data: : Removed option C and E**

Based on the amended scope of work. Tenderers must disregard the previous NEC and refer only to the updated version. While submissions using the old NEC will not be disqualified, pricing evaluations will be based on the new quantities.
