

Qualitative Technical Criteria Description: Overhauling of Pumps for Gas Stations			Tender Returnable	Criteria Weighting (%)	Sub-Criteria Weighting (%)	Score
1. Experience and Expertise:				70		
1.1	Contractor's experience in overhauling pumps	Tenderer submit project references. As a minimum the reference list must contain: 1.Contact Person(s) 2. Contact Number(s) 3. Project Description 4. Contract Value	5 or more Projects	30%	5	
			3-4 Projects		4	
			1-2 Projects		2	
			0 Projects		0	
1.2	Company profile related to the overhauling of pumps.	Potential Contractor submits the company established date and detail of experience	5 or more Years	50%	5	
			3-4 Years		4	
			1-2 Years		2	
			0 Years		0	
1.3	Personnel involved in overhauling pumps have specialized training and expertise. (engineering registrations, etc)	Tenderer submits CVs, Certificates and/or qualifications of the personnel to be involved.	Qualification	20%	5	
			No qualification		0	
2. Quality and Testing Protocols:			30			
2.1	Provide a quality control plan to ensure proper performance and reliability.	Supply a quality control plan and quality control check sheets for spares management.	Detailed plan.	40%	5	
			Basic check sheets.		2	
			No evidence.		0	
2.2	Testing procedures tailored to the specialized aspects of the overhauled pump. (Alignments, Bearing inspections, Seal integrity, Leak test, Flow performance report, etc)	Testing procedures to be supplied and example reports.	Highly detailed and proven methodology.	60%	5	
			Well defined methodology.		4	
			Basic methodology.		2	
			No clear or defined methodology.		0	
	TOTAL		100			
	THRESHOLD		70
