1. INTRODUCTION

The tender evaluation strategy is developed for the purpose of setting out the technical requirements for evaluating tenderers to obtain a qualified and technically suitable service provider for the maintenance of Civil Structures and Properties at Duvha Power Station for the duration of 60 months contract. The scope of work consists of civil structures such as the coal stock yard, roads (bitumen and gravel), general buildings, substations, chimneys, cooling towers, machine foundations, boiler house, turbine hall, cable tunnels, cladding & sheeting, bridges, storm and wastewater drainage system, Water Treatment Plant structures, Sewage Plant structures, etc.

The Maintenance of Civil Structures and Properties at Duvha Power Station for the duration of 60 months contract aims at addressing the structural and architectural routine and accidental damages and all defects as they occur. It will also improve the civil infrastructures performance and compliance with construction regulations under the occupational health and safety act 85 of 1993.

2. SUPPORTING CLAUSES

2.1 SCOPE

This document covers the technical evaluation criteria to be utilised for the process of evaluating the tender submissions for the maintenance of Civil Structures and Properties at Duvha Power Station for the duration of 60 months contract.

2.1.1 Purpose

The purpose of this tender technical evaluation strategy is to define the Mandatory Evaluation Criteria, Qualitative Evaluation Criteria and TET member responsibilities for tender technical evaluation. The technical evaluation strategy serves as basis for the tender technical evaluation process.

2.1.2 Applicability

This document is applicable to Duvha Power Station

2.2 NORMATIVE/INFORMATIVE REFERENCES

Parties using this document shall apply the most recent edition of the documents listed in the following paragraphs.

2.2.1 Normative

[1] 240-168966153: Generation Tender Technical Evaluation Procedure

CONTROLLED DISCLOSURE

When downloaded from the EDMS, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

- [4] [32-1034: Eskom Procurement and Supply Management Procedure

2.2.2 Informative

- [1] Duvha Power Station Civil and Structures Maintenance 5 years contract scope for work
- [2] TSC3 - Duvha Power Station Civil and Structures Maintenance 5 years contract at Duvha Power Station

2.3 DEFINITIONS

2.3.1 Classification

Controlled Disclosure: Controlled Disclosure to external parties (either enforced by law, or discretionary).

2.4 ABBREVIATIONS

Abbreviation	Description
OHS Act	Occupational Health and Safety Act No 85 of 1993
PPE	Personal Protective Equipment
PS	Power Station
PSR	Plant Safety Regulations
QC	Quality Control
QCP	Quality Control Plan
QM	Quality Management
SANS	South African National Standards
SE	System Engineer
SHEQ	Safety, Health, Environment and Quality

2.5 ROLES AND RESPONSIBILITIES

As per 240-168966153 Generation Technical Tender Evaluation Procedure (Rev 1)

CONTROLLED DISCLOSURE

When downloaded from the EDMS, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

2.6 PROCESS FOR MONITORING

The primary process that shall be used for monitoring the application of this document is 240-168966153 Generation Technical Tender Evaluation Procedure (Rev 1).

2.7 RELATED/SUPPORTING DOCUMENTS

- [1] 240-53716746: Tender Technical Evaluation Report Template
- [2] 240-53716712: Tender Technical Evaluation Results Form Template
- [3] 240-53716726: Tender Technical Evaluation Scoring Form Template

3. TENDER TECHNICAL EVALUATION STRATEGY

3.1 TECHNICAL EVALUATION THRESHOLD

A weighted score-card approach is used to evaluate the technical compliance of the tenders against the specifications. Tenderers need to have a weighted score of 70% overall or more to technically qualify for further evaluation. Eskom reserves the right to negotiate or consider tenderers that obtained a score between 65 and 69%.

The technical criteria and weighting are broken down as follows:

- a) Technical: 100%
- b) Safety Health Environmental and Quality (SHEQ): Objective

The SHEQ objective criteria are not included in this document as it does not form part of the technical scope.

The evaluation of the tender submission will be based on the tenderer's ability to meet the technical requirements. A weighted score card approach will be used to evaluate the tender submission against the specifications and Employer's requirements.

Table 1: Technical Scoring Methodology

SCORE	PERCENTAGE (%)	DESCRIPTION
5	100	COMPLIANT <ul style="list-style-type: none">• Meet the technical requirement(s) AND,• No foreseen technical risk(s) in meeting technical requirements
4	80	COMPLIANT WITH ASSOCIATED QUALIFICATIONS

CONTROLLED DISCLOSURE

When downloaded from the EDMS, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system.

		<ul style="list-style-type: none"> • Meet the technical requirement(s) with, • Acceptable technical risks AND/OR; • Acceptable exceptions AND/OR; • Acceptable conditions
2	40	NON-COMPLIANT <ul style="list-style-type: none"> • Does not meet the technical requirement(s) AND/OR Unacceptable technical risk(s) AND/OR; • Unacceptable exceptions AND/OR; • Unacceptable conditions
0	0	TOTALLY DEFICIENT/NON-RESPONSIVE

3.2 TET MEMBERS

Table 2: TET Members

The full-time core technical evaluation team will consist of the following team members (in-line with the Generation Technical Tender Evaluation Procedure, 240-168966153)

The part time/support team member shall be required to fill in a technical evaluation form, if their names are marked as mandatory (X), next to a criterion. The part time/ support team member may not be required to fill in a technical evaluation form if their names are marked as optional (O) next to a criterion but shall assist the main members where necessary.

TET number	TET Member Name	Designation
TET 1	Thulani Zondo	Snr Supervisor Tech Maintenance Civil
TET 2	Vusi Chirwa	System Engineer: Civil and Structures
TET 3	Thilivhali Muthakhi	System Engineer: Civil and Structures
TET 4	Lamlile Mthimunye	Manager: Auxiliary Maintenance
