Dear Valued Supplier,

Eskom reserves the right to utilise the process of Reverse e-Auction.

Please note that the process of Reverse e-Auction will be utilised for this RFQ. The Tenderers will be required to submit a complete offer at RFQ deadline excluding prices.

Where a supplier includes prices in their offer; these prices will not be considered and will be disregarded. Suppliers who are evaluated and have passed the basic compliance with respect to meeting mandatory gatekeepers (where these may be applicable), submitting all mandatory documentation by stipulated deadlines (as may be applicable) and/ or meeting functionality requirements (where these requirements may be applicable) will be invited to the live Reverse e-Auction event.

Should the e-auction not result in a realistic market related price, Eskom reserves the right to negotiate the price post reverse e-auction. If only one supplier meets criteria for reverse e-auction, Eskom will seek internal permission to enter into negotiations directly with that supplier. The reverse e-auction will thus be cancelled.

Eskom reserves the right to split award.
